FREELANCE WEB DESIGNER – 2015 - PRESENT

Working with diverse clientele as a freelance web designer has honed my technical and interpersonal abilities greatly. I have created sites for clients with a diverse range of needs. These include online stores, an online appointment system, calendars, animations and more. I utilize my skills in HTML, CSS, Javascript, JQuery, Bootstrap, gmail services and youtube services to accomplish these goals. Visit MeganBlevins.com for a sampling of my work.

RESOURCE DEV/COMMUNICATION, UNITED WAY OF THE OZARK – 2012 - 2014

One of my favorite tasks for UWO was building a new website for them from scratch using Wordpress. I was tasked with increasing our social media presence as well as coordinating monthly and quarterly newsletters. I also worked with community and business leaders to increase personal and corporate giving to the United Way. Additionally, I gave public presentations on the UWO and encouraged workplace giving by employees from our partner companies and organizations.

COMMUNITY DEVELOPMENT, GIRL SCOUTS OF THE MO HEARTLAND - 2010 - 2012

Working closely with schools and parents I cultivated awareness and membership in the Girl Scouts in the Ozarks. Utilizing marketing techniques such as flyering, presentations, events, and more I worked to increase participation of both girls and parents in the organization.
